2. To make a payment transfer in another currency you need to have an account with a balance in the respective payment currency.

- Open an account in another currency on the internet bank:
Accounts/Cards > Accounts > Account in new currency.
- Exchange currency on the internet bank:
Payments > Currency exchange.
- Make a payment:
Payments > Transfer in other currency.

3. The payer’s address is filled automatically. If you wish to change the specified address, you can do that on the internet bank:

- Private customers: *Settings > Customer’s questionnaire.*
- Business customers: *Settings > Contact settings.*

Beneficiary

Name and surname/company name *

Account No. * 4

Address 5

Country

4. Specify the beneficiary’s account in [IBAN format](#). If you have the beneficiary’s account in **other than IBAN format**, the *Beneficiary’s bank* details have to be filled out.

5. Specify the *Beneficiary’s address* and the *Country*. In case you will not provide this information, your payment will be rejected.

Beneficiary bank

Code * 6 ?

Name *

Country * ?

6. If you have the beneficiary’s account in other than IBAN format:

- Specify the beneficiary’s [SWIFT code](#) of 11 characters;
- If you do not have the SWIFT code, you have to specify the **beneficiary’s bank digital CODE in other than SWIFT format**. For example:

Code*	6 digits
Name*	Sort Code (SC)
Country*	England
Code*	9 digits
Name*	ABA / Routing number / Fedwire code (FW)
Country*	USA

Amount *	<input type="text"/>
Payment details *	7 <input type="text"/>
Standard fee in euros	<input type="text" value="?"/>
Payment order charges payable by	8 <input type="radio"/> Payer <input checked="" type="radio"/> The fees charged by Luminor Bank AB are paid by the payer, and those charged by the foreign bank are paid by the beneficiary
	9 <input type="button" value="More details"/>

7. Payment details should be filled in English only and contain a clear reference to the purpose of the payment (invoice/contract number, invoice/contract date, description of goods or services etc.). An example of a duly completed information for a payment order purpose:

Invoice No. ABC123 / under Contract No. AB123 dated 01.09.2019 for timber products

Note: Additional requirements for payment transfers to United Arab Emirates, Bahrain and Myanmar you can find in descriptions below for each country separately.

8. Types of charges:

OUR – all charges are paid by the Payer;

SHA – Luminor charges are paid by the payer, while the foreign bank's fees are paid by the beneficiary.

Exceptions:

- International transfers to the EU member states and Norway, Iceland, Liechtenstein, Switzerland in euros and in the national currencies of those countries are processed as SHA type only.
- USD currency - SHA type of charges is recommended.

9. If the beneficiary's account is specified in other than IBAN format and/or the funds are transferred outside the EEA, we recommend that the *Beneficiary's correspondent bank* details are specified in the respective currency. Click *More details*.

Beneficiary's correspondent bank	
Correspondent bank account	10 <input type="text"/>
Bank code	11 <input type="text" value="?"/>
Name	<input type="text"/>
Address	<input type="text"/>

10. The Beneficiary's bank account in the correspondent bank.

11. Specify the beneficiary's correspondent bank SWIFT code of 11 characters.
