| Change of loan monthly payment date | EUR 50                          |

To sign a loan agreement you need to have a payment account in Luminor Bank AS Lithuanian Branch. Information on charges and commission fees related to the opening and use of the payment account is available [here](#).

The total cost of consumer loan APR calculating example:

If you receive a EUR 3 000 loan over a 5 year period, the total amount of your payment is EUR 4 178.88, monthly payment EUR 67.41, and the total annual percentage rate 14.79%. These calculations are carried out under the following assumptions: annual interest rate - 12.0%, the loan is repaid with annuity method, the loan agreement fee is EUR 60, minimum banking package fee EUR 1.5 per month.

## Housing loan, Idea loan (Loan with collateral)

|  | Fee   |
|--|---|
| Agreement fee  | 0.5% of loan amount or additionally disburseable amount, min. EUR 200.00  |
| Agreement amendment fee*   | EUR 200   |
| Change of loan monthly repayment date or loan repayment account  | EUR 50  |
| Commitment fee if loan disbursement exceeds 2 calendar months period from loan agreement sign-off date | 0.6% of unused part of the loan per year  |
| Early loan repayment if interest rate is floating  | Free of charge  |
| Early loan repayment if interest rate is fixed for longer than 12-month term                           | The fee (compensation of Bank's losses occurred due to early credit repayment) is calculated according to the formula. ** If in loan agreement fee value has been set, it is calculated in accordance with credit agreement |
| Note delivery (notes being issued during period up to 10 days)   |   |
| The note for re-pledge assets to another credit institution  | EUR 150   |
| Bank's consent related to the property pledged to the Bank   | EUR 35  |
| Issue of copies of agreements or other documents   | EUR 6 per agreement   |
| Fee for "Rent to Buy" guarantee note   | EUR 100   |
| Additional fee for the note on Customer's request, issued during not more than 3 working days          | EUR 15  |

\* For example, changes in payment schedule, collateral composition, loan issuance conditions, loan currency etc.

In case the interest rate under the agreement is fixed for longer than 12-month term and its validity is terminated as a result of changing the terms and conditions of the agreement, then an additional fee is applied which is equal to the early repayment fee applied to loans with interest rate fixed for longer than 12-month term (see "Early repayment fee"). In such cases, the calculation of the fee is based on the loan amount with the changed terms and conditions but

not on the pre-paid loan amount.

The validity of the interest rate fixed for longer than 12-month term is considered to be terminated in the following cases:

- the interest rate fixed for longer than 12-month term is changed into the interest rate changed on a 3, 6 or 12 month basis;
- the interest rate fixed for longer than 12-month term is changed into a lower interest rate fixed for longer than 12-month term;
- the loan currency is changed;
- the effective period of the interest rate fixed for longer than 12-month term is shortened;
- the loan amount provided by the agreement is reduced (or the entire loan amount is not drawn-down).

\*\*The fee is calculated by the Bank losses due to early repayment.

The fee is calculated according to the formula:  $I = (\text{ratio } K * P)$ ,

where I - early repayment fee;

P - loan amount being repaid early;

Ratio K - value calculated by the Bank which depends on the financial market interest rates change, the rest of the period to a fixed rate expiry of the loan agreement and the final repayment date.

Ratio K can be calculated using dedicated calculator on Bank's website.

## Credit limit to payment card

|   | Fee  |
|---|--|
| The fee for the use of the credit limit             | 1% on the credit limit amount used during the respective payment transaction |
| The fee for the increased credit limit              | EUR 10   |
| The fee for rescheduling the credit limit repayment | EUR 30   |
| Up-front fee  | Free of charge   |

The fee for the use of the credit limit is charged in case the interest provided under the agreement is 0%.

The fee for the use of the credit limit is not charged in case the borrower uses the credit limit by making a transaction with a payment card (except cash-out transaction).

## Home flex loan (new loans are not issued)

|   | Fee  |
|---|--|
| Agreement amendment fee   | EUR 200  |
| Annual default interest   | 4% above loan interest rate, but not less than 16% of overdue amount |

\*This fee is also applied if the customer had specified to the bank that the card will be collected at the bank's unit but afterwards requested to send it by mail.

\*\*Cards are renewed if at least one card transaction was performed within the past two months before the last month of the card validity.

\*\*\*The fee is applied if the card is lost, damaged, if card is demagnetized, if the cardholder's name and/or surname is changed, if latin letters are changed to Lithuanian ones or visa versa.

The customers to whom cards were issued during campaigns or the customers receiving inflows from a legal entity that has agreed with the Bank on transferring funds in payment card linked accounts may be subject to payment card service fees and conditions other than those indicated in the Pricelist. The customer can get information about these fees and conditions at his workplace, at the Bank's unit or by dialing short code 1608. Upon expiry of the conditions set during the campaign or no income received from the legal entity in 3 subsequent months, the Bank starts charging the payment card fees and conditions set in the Pricelist.

Cash withdrawal fees are debited on a daily basis, monthly fees are debited on the last but one workday of each month.

Account fees and transaction fees set in the Pricelist are separately charged for using the payment card linked account and for transactions performed therein without using a payment card.

The bank has the right to unilaterally change the Pricelist, terms and conditions, fees, interest and/or their calculation and payment procedure for the payment card servicing and for the provision of payment services, as well as other banking service fees following the procedure set in the General Rules on the Provision of Services of the Bank and the Terms and Conditions for the Provision of Payment Services with at least 60 calendar days' notice to the Customer who is a consumer. The above mentioned notification is handed over to the Customer personally or announced publicly. Publicly available notification is regarded as an appropriate way of informing the Customer about a unilateral change of the Terms and Conditions for the Provision of Payment Services and/or the Price-list. It shall be deemed that

the Customer agrees with these changes provided that before the day of the entry of changes into force he has not notified the Bank that he disagrees with these changes. In such case the Customer has the right to refuse the card without delay before the effective date of the amendments and to pay no commission fee for that. If the Customer does not avail of the right to waive the card before the effective date of the amendments, it shall be deemed that the Customer agrees with the amendments made.

The customer may get information about the fees specifically applied thereto during the bank's business hours in all Bank's units or by dialing the short-code 1608.

Example of the annual rate calculation on the overall credit price (Visa Classic)

If the Bank issued EUR 1,500 credit in the payment card account for 36 months' period, the overall amount payable by the borrower would make EUR 1659.48 and the overall annual rate of the credit price would make 21.14%.

The calculations include the interest paid during the credit period (16% fixed annual interest rate was used for the calculation), payment card administration fee of EUR 1.50 per month and minimal service fee EUR 1 per month.

The overall annual rate of the credit price and the overall amount payable by the borrower is calculated assuming that the total Credit Limit is used on the Credit Limit issue day and is fully repaid on the last effective day of the agreement and the interest for using the Credit Limit is paid every month.

Card validity 3 years.

\*This fee is also applied if the customer had specified to the bank that the card would be collected at the bank's unit but afterwards requested to send it by mail.

\*\*Until 30/11/2018, the monthly card maintenance fee is not applicable to the cardholders who work for the company which has concluded an agreement with the Bank on the transfer of salary. From 01/12/2018, standard monthly card maintenance fee is applicable to these cardholders.

\*\*\*The Bank has the right to not renew the Card if no payments have been made with the Card in the past 6 (six) months.

Example of the annual rate calculation on the overall credit price (Mastercard Debit)

If the Bank issued EUR 1,500 credit in the payment card account for 36 months' period, the overall amount payable by the borrower would make EUR 1,666.07 and the overall annual rate of the credit price would make 22.14%.

The calculations include the interest paid during the credit period (18 % fixed annual interest rate was used for the calculation), payment card administration fee of EUR 0.70 per month and minimal service fee of EUR 1 per month.

The overall annual rate of the credit price and the overall amount payable by the borrower is calculated assuming that the total Credit Limit is used on the Credit Limit issue day and is fully repaid on the last effective day of the agreement and the interest for using the Credit Limit is paid every month.

| Card renewal* fee                                       | free of charge   |
| Card replacement  | EUR 4            |
| Card issuing in an urgent procedure (in 2 working days) | EUR 25           |

Cards issued when account no. begins with LTXX21400.

Card validity 3 years.

\*The Bank has the right to not renew the Card if no payments have been made with the Card in the past 6 (six) months.

\*\*This fee is also applied if the customer had specified to the bank that the card would be collected at the bank's unit but afterwards requested to send it by mail.

Example of the annual rate calculation on the overall credit price (Mastercard Platinum)

If the Bank issued EUR 1,500 credit in the payment card account for 36 months' period, the overall amount payable by the borrower would make EUR 1,860.63 and the overall annual rate of the credit price would make 51.12%.

The calculations include the interest paid during the credit period (13 % fixed annual interest rate was used for the calculation), payment card administration fee of EUR 130 per year and minimal service fee of EUR 1 per month.

The overall annual rate of the credit price and the overall amount payable by the borrower is calculated assuming that the total Credit Limit is used on the Credit Limit issue day and is fully repaid on the last effective day of the agreement and the interest for using the Credit Limit is paid every month.

Example of the annual rate calculation on the overall credit price (Visa Classic UP)

If the Bank issued EUR 1,500 credit in the payment card account for 36 months' period, the overall amount payable by the borrower would make EUR 1,659.48 and the overall annual rate of the credit price would make 21.14%.

The calculations include the interest paid during the credit period (16 % fixed annual interest rate was used for the calculation), payment card administration fee of EUR 1.50 per month and minimal service fee of EUR 1 per month.

The overall annual rate of the credit price and the overall amount payable by the borrower is calculated assuming that the total Credit Limit is used on the Credit Limit issue day and is fully repaid on the last effective day of the agreement and the interest for using the Credit Limit is paid every month.

Example of the annual rate calculation on the overall credit price (Mastercard Standard)

If the Bank issued EUR 1,500 credit in the payment card account for 36 months' period, the overall amount payable by the borrower would make EUR 1,681.67 and the overall annual rate of the credit price would make 24.36%.

The calculations include the interest paid during the credit period (18 % fixed annual interest rate was used for the calculation), payment card administration fee of EUR 2 per month and minimal service fee of EUR 1 per month.

The overall annual rate of the credit price and the overall amount payable by the borrower is calculated assuming that the total Credit Limit is used on the Credit Limit issue day and is fully repaid on the last effective day of the agreement and the interest for using the Credit Limit is paid every month.
